

# Defender® LUMOS LED UV+ TORCH - RECHARGEABLE

**Used by police forces and emergency services across the UK, the multi-purpose lightweight LED torch can be used as a standard powerful LED torch or switch to a UV torch for forensic work.**

When used as a standard torch, the powerful 230 lumen beam illuminates up to 120m away. It can also be switched to operate on 50% power to preserve the battery or strobe mode to draw attention or shock and disorientate potential attackers.

- **POWERFUL 230 LUMEN LED TORCH AND UV TORCH IN ONE** - operates with a 230 lumen white light or 365nm UV beam
- **UV LIGHT TO PROVIDE EASY CLEANLINESS CHECKING** - as well as identifying forensic markings such as SmartWater®, SelectaDNA® and UV ink
- **STROBE FEATURE** - for added security protection
- **RECHARGEABLE** - with USB charging point under the tail cap and supplied with USB recharging cable
- **MAGNETIC BASE** - allows the torch to be secured to a metal surface when required
