

PERSONAL ALARM TORCH XL - RECHARGEABLE

With a built-in 130dB siren and powerful strobe feature, the IMPACT Personal Alarm Torch is the first high-powered LED torch to help protect the user from hostile encounters with people or animals. Ideal for drivers, night workers, security guards, joggers and dog walkers.

In regular use the 300 lumen rechargeable torch gives out a powerful 150m beam. When the alarm is activated the siren sounds and the beam switches to a high-powered 400 lumen strobe to disorientate potential attackers whilst attracting attention from bystanders, neighbours or co-workers.

- **POWERFUL 300 LUMEN LED TORCH** - giving a 150m beam range
- **BUILT-IN EAR-SPLITTING 130dB ALARM AND 400 LUMEN STROBE FEATURE** - gives gives the user extra nighttime protection from attack or harassment
- **ADJUSTABLE POWER PLUS STROBE FEATURE** - select 300, 250 or 200 lumen power or 400 lumen bright strobe for added protection
- **BUILT-IN RECHARGEABLE BATTERY** - with a run time of up to 18 hours. (USB charging cable provided)
- **SUPPLIED WITH BELT HOLSTER & WRIST LANYARD** - to ensure the torch is always at hand
