

PERSONAL ALARM TORCH - RECHARGEABLE

The UK's first high-powered LED torch to feature an earsplitting 130dB alarm – helping to protect the user from hostile encounters with people or animals. Ideal for drivers, night workers, joggers and dog walkers.

In regular use the 300 lumen rechargeable torch gives out a powerful 150m beam. When the alarm is activated the siren sounds and the beam switches to a high-powered 400 lumen strobe to disorientate potential attackers whilst attracting attention from bystanders, neighbours or co-workers.

- **POWERFUL 300 LUMEN LED TORCH** - giving a 150m beam range
- **BUILT-IN EAR-SPLITTING 130dB ALARM** - gives the user extra nighttime protection from attack or harassment
- **ADJUSTABLE POWER PLUS STROBE FEATURE** – select 300, 250 or 200 lumen power or 400 lumen strobe for added protection
- **BUILT-IN RECHARGEABLE BATTERY** - with a run time of up to 9 hours. (USB charging cable provided)
- **SUPPLIED WITH BELT HOLSTER AND WRIST LANYARD** - to ensure the torch is always at hand

Description:	IMPACT Personal Alarm Torch
Code:	OT01304
Colour:	Silver
Material:	Aluminium alloy case
Switch:	Head ON/OFF, Head (Alarm) ON/OFF
Batteries:	Built-in rechargeable
Lumen output:	300 lumen
Light source:	LED Cree XP-E2
Light range:	150m
Running time:	9 hours
Dimensions:	155 x 45 x 45 mm
Weight:	258g
Certification:	CE, RoHS
Warranty:	12 months

Packaging Specification

Unit box size (mm):	165 x 61 x 61 mm
Unit box weight (gm):	341gm
Inner box quantity:	25
Inner box size (mm):	360 x 350 x 345 mm
Outer box quantity:	50
Outer box size (mm):	360 x 350 x 345 mm
Barcode:	5060447641810
